22

23

24

1 Q. Okay. And what about the number of
2 pharmacy supervisors that you oversee, has that
3 changed from seven?

4 A. Yes, ma'am.

5 Q. Okay. What was -- what did it start at
6 in February of '22?

7 A. Six.

8 Q. And are there plans to increase from the
9 seven?

10 A. Potentially in the future.

11 Q. And is that dependent on how many stores
12 there are?

13 A. Typically.

14 Q. Now, what -- can you describe generally
15 for me, along with assisting the seven supervisors,
16 what kind of responsibilities or day-to-day job
17 duties do you have?

18 A. So usually I'm with a supervisor, riding
19 and visiting pharmacies with them. There's
20 meetings throughout the days. Obviously the normal
21 office activities of keeping up with e-mail.

22 Q. What do you -- why are you visiting
23 stores?

24 A. As part of the role in the -- of the

1 supervisor and of me to support the supervisors, we
2 are in the pharmacy supporting the pharmacies,
3 making sure that they're compliant, and that any
4 questions that they have are addressed, and that
5 we're taking care of our customers the way that we
6 need to be doing.

7 Q. How -- how do you determine whether or
8 not when you're visiting a pharmacy, it's
9 compliant?

10 A. Following up and making sure that -- that
11 all of their licensing is posted. There's various
12 number of ways that we monitor compliance. Are you
13 referring to anything specifically?

14 Q. Well, I'm just trying to get a feel for
15 what you're doing. For example, if you are riding
16 with a supervisor and visiting a number of
17 pharmacies, is there -- on Mondays do you check,
18 you know, one kind of compliance and on Tuesdays
19 you do some other kind of compliance? Just
20 generally how does your job -- how does your job
21 work?

22 A. Right. So a pharmacy supervisor is not
23 going to be in every pharmacy on Monday. So they
24 would be checking for all of the different

1 the decision.

2 Q. Does Publix have anything to do with the
3 ability of the pharmacist to make a decision?

4 A. Publix --

5 MR. LARSON: Sorry. Object to form. Go
6 ahead, Lindsay.

7 THE WITNESS: Publix hires good
8 pharmacists that have passed the law exam and
9 understand the laws, and Publix policy is that they
10 follow the laws and operate by the code of ethics
11 of a pharmacist.

12 BY MS. CONROY:

13 Q. So -- but if I understood what you just
14 told me, then Publix does not have any involvement
15 with respect to a pharmacist at Publix following
16 the Controlled Substances Act? They rely on the
17 pharmacist itself?

18 MR. LARSON: Object to form. Go ahead,
19 Lindsay.

20 THE WITNESS: Publix's policy is that the
21 pharmacist follows the laws of their respected
22 state, the Controlled Substances Act being one of
23 them.

24 BY MS. CONROY:

1 I've not been concerned that we're not doing so.

2 Q. Do you know what the -- the standard is
3 in the industry for pharmacies or chain pharmacies
4 with respect to controlled substances programs,
5 things like that?

6 MR. LARSON: Object to form and to scope.
7 Go ahead, Lindsay.

8 THE WITNESS: I'm not really sure what
9 you're asking me.

10 BY MS. CONROY:

11 Q. Well, let me ask it this way. You have
12 only concerned yourself with what Publix does with
13 respect to the Controlled Substances Act. You have
14 not compared Publix in any way with any other
15 pharmacy or supermarket that has pharmacies. Would
16 that be fair to say?

17 MR. LARSON: Object to form and scope.
18 Go ahead, Lindsay.

19 THE WITNESS: I don't know that that
20 would be fair to say. I think that Publix hires
21 good pharmacists. We trust them to exercise their
22 corresponding responsibility. They know the laws.
23 They pass the law exam. Most are coming out with a
24 doctorate degree. We -- it's -- yeah.

1 BY MS. CONROY:

2 Q. During your role as a supervisor, you
3 recall an instance where you had to go back and
4 look at hard copy prescriptions?

5 A. Yes.

6 Q. And do you recall what store it was in?

7 A. I cannot recall what store it was in.

8 Q. And where were those prescriptions
9 located, the hard copies?

10 A. The hard -- we have -- the computer
11 system has an image of the hard copy, but the hard
12 copies themselves are either kept in a separate
13 file from the other prescriptions.

14 Q. So when you say you were looking at the
15 hard copy, you were actually looking at the image
16 of the hard copy; is that correct?

17 A. From memory, yes. Now, that's not to say
18 that if I needed to go to the store to get more
19 information, that that -- that they were not looked
20 at at that point too. It just depends on trying to
21 take care of something quickly if I'm able to do it
22 via computer or if I need to go to the store. It's
23 situational.

24 Q. Okay. But the one that you're talking

1 imaged, Publix would never hear about that,
2 correct, the corporation?

3 A. Well, they could make a note in the
4 patient's profile. If they didn't scan it in, they
5 could still do that.

6 Q. Now, before the break you were talking to
7 me about some situations where you noticed a
8 pharmacy was dispensing more controlled substances
9 than their normal practice. Do you recall that?

10 A. Yes, ma'am.

11 Q. And you were also responsible, I believe,
12 as a supervisor, or maybe also as an operations
13 manager, for the increasing of thresholds to a
14 pharmacy with respect to controlled substances; is
15 that correct?

16 A. I can speak to as a supervisor. I can't
17 speak to as an operations manager, 'cause it was
18 more the supervisor's evaluating the need for that
19 and determining whether or not a threshold increase
20 when I was a supervisor, again, was something that
21 made sense clinically.

22 Q. Okay. Clinically generally, right?
23 Because it wouldn't be with respect to a single
24 patient, right? It would just be generally that

1 pharmacy needed more controlled substances
2 available to it?

3 MR. LARSON: Object to form. Go ahead.

4 THE WITNESS: Not necessarily. One
5 patient could trigger a threshold. So it could be
6 related to one patient.

7 BY MS. CONROY:

8 Q. Okay. And would there be documentation
9 of that change, that threshold change?

10 A. Typically we would -- the pharmacy would
11 fill out a threshold increase request form, and
12 then the supervisor would approve or deny. But the
13 conversation most often would happen before the
14 pharmacy supervisor received the request form. The
15 pharmacy team would reach out and discuss what was
16 going on, their order had been cut.

17 Q. Let's take -- I'm going to ask you some
18 questions about the training of pharmacists with
19 respect to controlled substances, okay?

20 A. Yes, ma'am.

21 Q. And we went through your description of a
22 good pharmacist, and then we also -- and I have it
23 here -- the R&P, which is P-PUB 702 -- let's take a
24 look at that and mark that as Exhibit 3. And this

1 BY MS. CONROY:

2 Q. No.

3 A. -- prescriptions?

4 Q. No. That their pharmacists are
5 performing the due diligence. How does Publix keep
6 track of that?

7 A. All right. So we have --

8 MR. LARSON: Sorry, Lindsay. Object to
9 form. Go ahead, Lindsay.

10 THE WITNESS: We have various forms of
11 reporting that are -- that are -- are tools that we
12 use to make sure that, you know, pharmacies are
13 filling appropriately and using their clinical due
14 diligence.

15 BY MS. CONROY:

16 Q. Okay. And what are those tools?

17 A. So we have a C2 pull report. We have a
18 three-month adjustment report. We have manual
19 inventory adjustment report. Our pharmacists are
20 required to do cycle counts on controls. They do a
21 monthly perpetual inventory on controls. Our
22 supervisors are in their stores on a regular basis,
23 from time to time, editing bundles of C2
24 prescriptions or doing random counts to make sure

1 balance on hand is accurate. Loss prevention, in
2 addition, does similar audits.

3 Q. And I understand all of those things with
4 maybe the exception of the supervisors in the
5 store. That is all to determine whether there's
6 the loss of controlled substances from a pharmacy;
7 correct?

8 A. Not necessarily. So the C2 pull report
9 will show trends of dispensing patterns. And
10 that's used to determine if a particular drug
11 entity is being filled more than normal.

12 Q. And is that also used to determine if a
13 pharmacist is filling more than normal?

14 A. That would be the starting point, and
15 then there would be investigations off of that.

16 Q. And are you familiar with the use of that
17 report to investigate origin and investigation of a
18 Publix pharmacist?

19 A. I'm not familiar with the -- personally
20 investigating a Publix pharmacist from that report,
21 but filling patterns, potentially. Researching
22 that and investigating those.

23 Q. And is that something you do as a
24 pharmacy operators man -- pharmacy operations

1 manager? Do you take a look at trends with respect
2 to any of the 600 pharmacists in your area?

3 MR. LARSON: Object to form. Go ahead,
4 Lindsay.

5 THE WITNESS: So since I have been in my
6 role that has transitioned now to a centralized
7 team of -- centralized compliance team in Publix
8 that watches for those trends and identifies and
9 alerts supervisors.

10 BY MS. CONROY:

11 Q. And when did that start?

12 A. I want to say 2019.

13 Q. And who runs that?

14 A. Jonathan Thacker is the compliance
15 person. And he has people.

16 Q. And so that -- the centralized compliance
17 team began in 2019?

18 A. From memory, it's 2019 or 2020. Might
19 have been 2020.

20 Q. Okay. And do you know then whether the
21 centralized compliance team is monitoring trends
22 with respect to individual pharmacists and their
23 filling of controlled substances?

24 A. I'm not exactly sure everything that goes

1 if there's more things that are the -- let me back
2 up. What I'm saying is that as pharmacists
3 continue to become, you know, providing more
4 services, there's efficiencies that are built in
5 to -- to help take some of the burden off the
6 pharmacists, and they can delegate out.

7 One good thing about Publix is that
8 Publix is run by pharmacists from the very top, and
9 the decision makers are pharmacists and have been
10 behind the bench and have practiced, and make
11 decisions based on what makes sense for pharmacists
12 and for our patients.

13 BY MS. CONROY:

14 Q. And so as things like the number of
15 immunizations that are given by a pharmacist or
16 medication, MTMs, medication therapy that's given
17 by a pharmacist, there's other -- other
18 technologies that have come in to help them out, or
19 they're able to delegate other responsibilities?

20 MR. LARSON: Object to form.

21 THE WITNESS: Yes. I'm sorry.

22 MR. LARSON: Object to form. Go ahead,
23 Lindsay.

24 THE WITNESS: Yeah. So specifically

Subject: Re: Forgery from Dr Tyler Wheeler's office

Same here, but for Amanda Gilory [Redacted - PII]. Patient called checking on rx and we said we had to call the MD for clarification. Later on the MD calls back to clarify. I hadn't called yet...

Subject: Forgery from Dr Tyler Wheeler's office

A man just called in stating he was Dr. Wheeler calling in for patient Wendy Taylor [Redacted - PII] to get prednisone, amoxicillin, and a pint of promethazine/codeine. The caller ID showed "MAIN" and the office phone number, but when I called the office number back, the receptionist said they didn't have any patients under that name or dob.

Subject: Re: Forgery from Dr Alan Maloon's office

Confirmed forgery for patient "Roger Robertson" DOB [Redacted - PII] for Percocet 10. Dr. Jong Choi's office has been notified and would like the pharmacy to verify with office of any scripts authorized under Dr. Choi's DEA. RX [Redacted - PII] 0560 if anybody wants to review it.

Subject: Re: Forgery from Dr Alan Maloon's office

Same here. Different patient name but same person called in same 2 rx's. Dr Diaz's nurse is Arasely. She said they've been receiving multiple calls from pharmacies a day and Dr. Diaz doesn't prescribe this.

Subject: Re: Forgery from Dr Alan Maloon's office

Yet another forgery for oxycodone 30 mg by Dr. Samuel Johnson BJ3629740. Lots of forgeries for this looking rx. The Rx says "patient" is in a physical therapy outpatient program and has already tried tramadol. It's all fake. Dr. office phone goes to a personal cell phone. "Patient" this time was Ralph Jennings [Redacted - PII]. Patient dropping off said that was her grandpa. Her name is Brittony Boykin. Lives in Brookhaven. BOTLO.

Subject: Re: Forgery from Dr Alan Maloon's office

Heads up! We had a fake rx called in to day. Called in under Dr. Syed Ullah in Decatur, for a patient that was not in our system, and had no history in PDMP. Called in Flonase and 210ml of Prometh/codeine. I called back to their office and their was a different doctor who was on call saying no other prescribers should be calling out. Office # 770-934-6832.

Subject: Confirmed Forgery

Confirmed forgery from Mitzi Clayton's office (211 Fairview Rd Ellenwood, GA) -- We received a faxed prescription today for Promethazine with Codeine and Amoxicillin. Office has no patient under the name and DOB in their system, and the fax # the RX was faxed from is not any of their office fax numbers. Please confirm any faxes with the office at their request.

Thanks,

Leslie Cooke

Subject: Re: Confirmed Forgery

Confirmed forgery hard copy prescription for Percocet 10/325 under **Dr. Travis Lloyd**, patient **Lawanda McGlon** (dob [Redacted - PII]). Filled at store 514 on 11/5. Prescription pad from prescribing office was used. Per MD office, this has been a recurring issue and **ALL** controls should be called and verified with office. I have made a patient note and prescriber note.

Subject: RE: Confirmed Forgery

Confirmed forgery for Percocet and Flexeril under patient John T Walker (dob: Redacted - PII) dropped off today at Publix 0155. On call NP verified that Dr. Amit Patel has never practiced at the location (790 Church St). Dropped off by a woman in her 20-30s. Mr Walker has another profile in Florida (woman said this was also him), confirmed with that publix he does not travel up here and uses no controlled substances.

Subject: RE: Confirmed Forgery

We also had two confirmed forgeries last week called in for a patient Brandon Perez, for Prometh/Codeine and then they also called in a Xanax in to store 579 on the north side of town for the same patient under the same doctor Peter Ash. I called the office and confirmed that this is not one of their patients and both scripts were fraudulent.

Subject: RE: Confirmed Forgery

Confirmed forgeries for 3 patients and 2 different doctors -

Malina Hubbard dob [Redacted - PII] and

Davina Chandler dob [Redacted - PII] both written through Dr. Shahram Rezaiaimiri

and Mark Fulton dob [Redacted - PII] written through Dr. Jose Mathew

All rx's look good, but signatures don't match MD sig. Called and verified these patients are not patients at these offices. Do not fill any controls.

Another confirmed forgery under Dr. Terri(e) Morton for promethazine-codeine. Patient is Maranda Polk DOB: [Redacted - PII] RX# [Redacted - PII] 0769 if you want to look at image. Called office to verify (phone number and address did not match Enterprise and I found this dr in a previous email chain. Dr hasn't been in the office in over a week, the office asked us to fax them a copy of the forgery.

Be on the lookout!

Has anybody ever spoke to the doctor himself? We have had several questionable prescriptions and can never get in touch with him. He has multiple offices but is never available.

Subject: RE: FORGERY ALERT!

FYI My local Walmart (west Cobb) has a verified forgery from Dr. Ronald Trotman FT2820795. The phone number on the script is being forwarded during the day and they are pretending to verify like they are a DR office. When called in the evening, the same number goes to an individual's voicemail. You can look up RX# [Redacted - PII] to see what the hardcopy looks like.

Subject: FORGERY ALERT!

Confirmed forgery for Phenergan w/ codeine 240 mL for Ann Reed [Redacted - PII]

Walgreens in Canton also had the same forgery confirmed for patient Cynthia Love [Redacted - PII]

Rx is signed by Dr. Terri Morton DEA #BM5981724

Rx is on script pad from Northside Family Medicine & Urgent Care East Cobb in Marietta.

The phone number on Rx does not match the actual office phone number online or the one in Enterprise.

If you call to verify the Rx with the fake phone number on the Rx, then someone named "Dillon" will answer to verify it for you.

Northside Family Medicine & Urgent Care confirmed that this is not their RX pad, and not their doctor or patients

Thanks,

Lauren

Subject: RE: FORGERY ALERT!

FYI!

Just had a forged RX brought in for patient Paul Smith, DOB: [Redacted - PII], from Dr. Rajiv Pandya (RX pad said Rajiv Pandya) for Percocet 10/325. This is the same handwriting being used for Jeffrey Sickeler, DOB: [Redacted - PII], who brought in a forgery here last month. This group has got pads from many practices and using many different names.

We also had two prescriptions for Promethazine-Codeine from Dr. Leslie, written 3/24 and 4/6. Qty #180 for Alicia Wilson (DOB: [Redacted - PII]) and Briana Young (DOB: [Redacted - PII]). Both prescriptions look identical - from Shepard Center - and seem legit. But I just called spoke with his admin and looks like these 2 are also frauds. She stated if the hardcopy only has Dr. Donald Leslie's name on its a fraud, their rx's list multiple doctors.

Confirmed forgery under Dr. Donald Leslie at the Shepherd Center. Prescription was written on what looks to be security paper (some features present) for Norco 10-325, #60. Patient Santana Kellog (DOB: [Redacted - PII]) was not on PDMP site. Per Brenda at Shepherd, this is not the first time Dr. Leslie's DEA# has been compromised.
